# Pietro Brocci

AOS: THEORIES OF TRUTH · PROOF THEORY · PHILOSOPHY OF MATHEMATICS
AOC: PHILOSOPHY OF LOGIC · PHILOSOPHY OF LANGUAGE · HISTORY OF LOGIC

pietrobrocci29@gmail.com pietro.brocci@sns.it

## EDUCATION

2022-current **Ph.D.** in Philosophy — SCUOLA NORMALE SUPERIORE PISA
Thesis topic: Axiomatic Theories of Truth and Predicativity
Supervision: Mario Piazza, Carlo Nicolai (King's College London)

2018-2021 **M.A.** in Logic, Philosophy and History of Science (cum laude) — UNIVERSITÀ DEGLI STUDI DI FIRENZE
Thesis title: "*Axiomatic Theories of Disquotational Truth*"
Supervision: Andrea Cantini, Lorenzo Rossi (LMU).

2015-2018 **B.A.** in Philosophy — UNIVERSITÀ DEGLI STUDI DI SIENA
Thesis title: "*The Logic of Paradox*"
Supervision: Gabriele Usberti.

### RESEARCH VISITS

Jan-Mar 2025 King's College London
Supervision: Carlo Nicolai

Nov-Dec 2024 University of Gothenburg
Supervision: Graham Leigh

Nov 2023-Apr 2024 King's College London
Supervision: Carlo Nicolai

Oct 2020-Feb 2021 Munich Center for Mathematical Philosophy
Supervision: Lorenzo Rossi

## PUBLICATIONS

### UNDER REVIEW

- A paper on cyclic proofs for Disquotational Truth (with Graham Leigh)
- A paper on the connection of Predicativity and compositional Truth (with Pablo Dopico)

### IN PREPARATION

- A paper on the inductive definitions and disquotational truth (with Carlo Nicolai)
- A paper on finitely iterated theories of truth.

## TALKS

### INVITED

30/01/2026 **Cyclic Disquotational Truth** — UNIVERSITY OF KONSTANZ
Doctoral Seminar

6/11/2025 **From Disquotational Truth to Impredicativity** — UNIVERSITÀ DI URBINO
Synergia Seminar

29/01/2025 **Cyclic Proofs for Self-referential Truth** — KING'S COLLEGE LONDON
Formal Methods Seminar

29/10/2024 **The justificatory power of Disquotational Truth** — University of Gothenburg
Gothenburg Logic Seminar

20/03/2024 **Notes on semi-formal systems for KF and GI** — King's College London
KCL-Bristol Logic Meeting

08/10/2023 **Minimal Fixed-points for Truth** — King's College London
Formal Method Seminar

### Contributed (by topic)

**On Halbach's Conjecture on Truth and Predicativity**

- FilMat 2026, Bologna. September 2026
- Scuola Normale Superiore Logic Seminar, Pisa. May 2026

**Cyclic Disquotational Truth**

- Cezary Ceślinński 60th Birthday Conference. Warsaw, Poland. September 2026
- Recent Developments in Formal Theories of Truth and Type-Free Theories, Amsterdam, Netherlands. June 2026 (forth.)
- Plexus-KCL-SNS Logic Workshop, London. UK. June 2025
- Scuola Normale Superiore Logic Seminar, Pisa. May 2025

**Inductive Truth and Generalised Induction**

- Proof Society 2024 Workshop, Birmingham, UK. September 2024
- Wormshop 2024, Ghent, Belgium. September 2024
- 1st SNS-KCL Logic and Philosophy of Mathematics Meeting, Pisa, Italy. June 2024
- British Logic Colloquium 2024, Bristol, UK. September 2023
- LOGICA 2023, Tepla, Czech Republic. June 2023
- Logic Colloquium 2023, Milan, Italy. June 2023

## Awards, Fellowships and Grants

2022-2026 PhD Scholarship — Scuola Normale Superiore
2018-2021 Scholarship for Academic Performances — Università degli studi di Firenze
2018-2021 Scholarship for admission into the parallel Excellency Program — Università degli studi di Firenze

## Service To The Profession

### Organisation

2026- Logic Seminar — Scuola Normale Superiore
2025 PLEXUS-KCL-SNS Logic Workshop — King's College London
2024 1st SNS-KCL Logic and Philosophy of Mathematics Meeting — Scuola Normale Superiore Pisa

## Other

### Languages

Italian (native speaker) · English (fluent)

### Schools and Training

2024 Proof Society 2024 Summer School — University of Birmingham
2022 ESPM Summer School in the Philosophy of Mathematic — University of Konstanz
2022 AILA (Italian association of Logic and its Application) Summer School — University of Milan
2019 AILA (Italian association of Logic and its Application) Summer School — University of Milan

## Affiliations

2024- Proof Society
2023- British Logic Colloquium
2023- European Society for the Philosophy of Mathematics
2021- The European Association for Logic, Language and Information
